

Community workshops

Community meeting/workshop schedule

On **Wednesday at 2:30 PM ET**, the inclusive design community gathers together to learn and discussion various topics. The community workshops provide the inclusive design community an opportunity for engaging with a broader community to spur our creative processes with topics that may align with our projects, be lateral with, or challenge our ideas by providing alternative perspectives. It also provides the opportunity to make connections with the work of those in the broader community.

To join the conversation please come to the IDRC office in Toronto or remotely through our [Vidyo](#) conference in the [fluid_standup](#) room. You may need to [install the Vidyo app](#) on your computer or portable device before joining.

Check out the [Meetings page](#) for more reoccurring events.

Check out the [Collaborate page](#) for more ways to get involved!
