SJRK-237 - Getting issue details... STATUS	Gregor		IN PROGRESS Major changes and functionality updates are complete, tests are being implemented and are expected to be completed July 16th. After that, docs will be updated to reflect the changes. Aiming to have docs, PR and review done on July 17th. Two of the tests were running into a race condition which blocked them from passing 95%+ of the time, and the work to solve the issue will be non-trivial. Those tests have been intentionally left out and will be tackled as part of SJRK-255
