Notes:

- brief introduction to the project - particularly aimed at community members who may not know a lot about the background
- brief discussion about what the IDRC does, what Oak does, and why these organisations are supporting the project (requested on behalf of community members to understand the bigger picture)
- inclusive design activity #1
 - to allow participants to experience inclusive design in action, and to understand it as a tool for social change
- inclusive design activity #2
 - Goals:
 - to identify common goals and needs of the young people with whom the project partners are working
 - to identify potential areas of collaboration between the partners
 - to provide an opportunity for knowledge sharing between the partners
 - to develop a roadmap for the remainder of the project
 - Activity will address:
 - Needs (gaps)
 - Successes/highs
 - "Products" (resources, outcomes) created
 - Learnings
- group discussion and wrap-up
