

# Community workshops

## Community meeting/workshop schedule

On **Wednesday at 2:30 PM ET**, the inclusive design community gathers together to learn and discuss various topics. The community workshops provide the inclusive design community an opportunity for engaging with a broader community to spur our creative processes with topics that may align with our projects, be lateral with, or challenge our ideas by providing alternative perspectives. It also provides the opportunity to make connections with the work of those in the broader community.

To join the conversation please come to the IDRC office in Toronto or remotely through [Zoom](#).

Check out the [Meetings page](#) for more reoccurring events.

Check out the [Collaborate page](#) for more ways to get involved!

## Upcoming

Topic	Facilitator	Date	Links / Notes
		December 11	
Cancelled		December 18
