- extra admin work
- collaboration and sub-grant - art for communities - book with animals and numbers in Ojibway
- French CNN came to Toronto on Monday - did a film of a reading of the book - Jarvis and Queen - council fire....
- it was a little hectic! As they ran out of time
- yesterday - youth media training - Nathan Phillips sure - residential school survivors - TIG livestream of that - youth media training for that - Monday and Tuesday

## DEEP/SJRK meeting

- ideas evolving
- TIG idea - presenting ideas to public - cool facilitated pieces around design jams - people come and get a sense of context, do a hackathon, except that coming up with your own idea your providing insights and inputs - building from stuff that's going on in SJRK
- CivicTech Toronto - TPL - hacking different challenges that the library had - owners come in and
- open data hackathon at TPL
- hacking on SDGs this year
- 4 partners, need 4 separate sessions? or have 2 sessions at once and a 1/2 day and people could choose?
- or shared session working on collaborative piece
- come up with design challenges in shared space
- digital classroom stuff that Karisma is developing a curriculum
- MOOC - TIG could host - Karisma? Or Silvia?
- Rwanda partners collaboration
- travel budget for SJRK /DEEP -
- could bring someone from outside - maybe the consultant that Liam's been working on
- who has been involved in the project, and could benefit from DEEP
- can't think of a specific person from the North
