

(SJRK) August 8, 2019 Partners Meeting

Present:

- Dana
- Gregor
- Liam

Discussion:

- Dates tentatively set for SJRK Face-to-Face meeting and DEEP
 - Oct 17th for F2F and Oct 18th for DEEP things

TIG - Liam

- Liam is working on - <https://djboutiemployment.org/fr/job-seeker-dashboard>
- Connected North retreat next week
- Will be away for next meeting

Storytelling Tool

- Easier to customize - has been merged!
 - Latest development version can be found here: <https://github.com/fluid-project/sjrk-story-telling/tree/stories-floe-dev>
- Dealing with other bugs too
- **Use the tool during the SJRK face to face / DEEP - how ?**
 - A special instance of the site specific to this?
 - "DEEP stories"
 - E.g. A problem template - allow/help partners to prepare for it - defining how to engage with the public - open-ended questions
 - Seeing an example of what you're looking for helps - start with something
 - What's happened so far, what is the problem space, how can folks provide useful input?
 - Projects happening in contexts (other partners) that folks aren't familiar with
 - Create stories and also test the tool
 - Might need another instance of the tool to not clutter up the other stories - **talk to Alan about this**
 - Use as an ongoing communication tool re: the work all the partners are doing on the project - call them stories rather than reports :)
 - What is a story? How can it be useful?
 - <https://unhabitat.youthmovements.org/>
 - Travel logs from partners - travelling to DEEP, also their experience of DEEP - different perspectives of what DEEP is (open to all of DEEP??)
 - How could storytelling work with co-design idea?
 - Model what this might look like - put together a brief? What input is useful to SJRK projects at this point? As we come to the end of things - consider also language -

Dana - send email to partners about ideas for the meeting
