What is Fluid?

Fluid is an open, collaborative community that

- works to improve user experiences
- designs user interfaces
- builds Web tools
- teaches inclusive design
- integrates interface components into open source applications

Our community consists of an international team of partners, individuals, and institutions focused on designing flexible, customizable, user-centered inclusive interfaces.

The Fluid Wiki

The Fluid wiki is the primary hub for project work at all stages of Fluid projects. The wiki acts both as an archive to older work, as well as an active working space for presenting, discussing, and refining ideas and drafts.

For information on getting involved, visit Get Involved »

Daily Standup Meeting

When? 11:30 am ET (Note: our project works in a number of time zones – use this as a guide for planning)

Where? Zoom stand-up room
