Wednesday, June 24 - Friday, June 26:

working days for the [Project Team](#) Design and Development - if you can even make it for one of these days, please do! (if feasible given travel and budget)

If you are able to stay, please do - face to face meetings are a rare time to collaborate with each other

Please add materials if you need them:

- wireless for ~50
- whiteboards and whiteboard markers
- large easel sized post-it pads
- post-it notes of variety of colors and sizes (* including a couple hundred of the standard size in standard 4"x4" canary yellow)
- markers, pencils...
- name tags for first day
- projectors
- room setup (one big long table would be great)
- dividing room, chairs and tables
- setup a laptop to always be projected and wired in to connect to breeze via ethernet, not wireless
