

# VULab Web 0.5 Roadmap

## Release Timeline

~October: VULab Web 0.5 beta  
~November: VULab Web 0.5 final

## Goals for VULab Web 0.5

1. Powerful (yet easy) Researcher Interface
  - Allow creation of Projects (Usability Studies)
  - Allow creation of Survey (Pre-video and Post-video)
  - Ability to Invite Users and Assign Testers
2. Intuitive Testing Experience
  - Straight-forward usability tester sign-up.
  - Intuitive way to navigate to assigned usability studies
3. Usability Standards
  - Make easier to use the robust tools.
  - Follow fluid standards for screen flow and easy of use.
  - Meet Basic usability standards
4. Lay Foundation for Other Survey Tools
  - Write a "service" based system that will allow multiple surveys to be plugged in.
  - Provide documentation to allow savvy researchers to plug in their own survey tool.
5. Documentation/Packaging
  - Readme for developers as well as basic researchers/testers.
  - Easy Installation
6. Framework
  - Develop Session Management Foundation
  - Develop Database Management Foundation
  - Properly Control Screen-flow.
